DETAILED ACTION

Drawings

1. The drawings were received on 3/9/06. These drawings are approved.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Yoo et al., 5,654,930.

Yoo et al., 5,654,930, discloses in Figs. 1-2 Prior Art the teaching of **periodically** recharging the memory cell data of the **dynamic** random access memory (DRAM) device which is commonly referred to as a **refresh** operation (see lines 46-49, column 1); and measuring the data retention time then determining the refresh period (see lines 33-35, column 3);

Therefore, this teaching is read on the features of continuously (periodically) and dynamically (dynamic random access memory) measuring the retention time; and continuously (periodically) and dynamically (dynamic random access memory) regulating the refresh period of the memory based on the result of the measurement of the retention time.

Allowable Subject Matter

4. Claims 2-14 and 16-42 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Response to Arguments

6. Applicant's arguments filed 3/9/06 have been fully considered:

a) All objections to the drawings and to the specification have been withdrawn in view of Applicant's amendments;

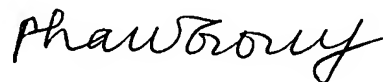

Art Unit: 2827

b) The rejection of claims 1 and 15 under 35 U.S.C. 102(b) as being anticipated by Yoo et al., 5,654,930, is still considered to be proper as set forth and made FINAL as above.
